

## Step 2 Look at the datasets

### Region

As we can see on the website, Region metrics are available for regions of England. I am interested in the South West and metrics that start with “New”:

```
## [1] "areaCode"  
## [2] "areaName"  
## [3] "areaType"  
## [4] "date"  
## [5] "newPeopleVaccinatedFirstDoseByVaccinationDate"  
## [6] "newPeopleVaccinatedSecondDoseByVaccinationDate"  
## [7] "newPeopleVaccinatedThirdInjectionByVaccinationDate"
```

We have additional columns. Let's look at them.

areaCode

```
## [1] "E12000009"
```

areaName

```
## [1] "South West"
```

areaType

```
## [1] "region"
```

So, we do not need to look at them in the future because these columns are used for filtering that we have already done on the website.

Let's prepare data for the plotting.

- Rename columns and columns
- Create long table

areaCode	areaName	areaType	date	First	Second	Third	MonthYear
E12000009	South West	region	2022-01-26	986	2520	4034	1.2022
E12000009	South West	region	2022-01-25	899	1845	4283	1.2022
E12000009	South West	region	2022-01-24	723	1445	3441	1.2022
E12000009	South West	region	2022-01-23	1035	3007	3439	1.2022
E12000009	South West	region	2022-01-22	1822	4709	5896	1.2022
E12000009	South West	region	2022-01-21	1085	2362	4944	1.2022

date	MonthYear	Dose	Count
2022-01-26	1.2022	First	986
2022-01-25	1.2022	First	899
2022-01-24	1.2022	First	723
2022-01-23	1.2022	First	1035
2022-01-22	1.2022	First	1822
2022-01-21	1.2022	First	1085

Let's plot something.

I got my jabs on 8 August 2021, 3 October 2021, 8 January 2022. I want to plot the graph that will show the count of jabs after 1 July 2021.

The result is not beautiful because of the active growth of the third jabs count at the end of 2021.

Let's plot them separately.

## Vaccination in South West

The first dose

More information <https://coronavirus.data.gov.uk/details/about-data>

It is so interesting why the graph is wavy.

## Vaccination in England

The second dose

More information <https://coronavirus.data.gov.uk/details/about-data>

## Vaccination in England

### The third dose

More information <https://coronavirus.data.gov.uk/details/about-data>

We can see when the active phase of vaccination by the third dose started.

Let's calculate the date.

```
## Warning: Removed 1 rows containing missing values (geom_col).
```
